

***NEW* Georgia Commercial Energy Code Training**

In January 2011, Georgia adopted **a new commercial energy code**. Southface, the Georgia Environmental Finance Authority and the Georgia Department of Community Affairs are partnering to present full-day energy code trainings in Statesboro.

Find out all you need to know to comply with the code's new requirements, and get up-to-speed on the latest energy-saving techniques for new residential construction!

Commercial Energy Code Training

Training Includes:

- Printed copy of the learning materials
- Handouts and list of additional resources
- Certificate of completion
- Continuing education units (AIA, GBCI, CSI, BPI)
- Builders will receive 6 hours of CE**
- Lunch

June 29, 2011
